GEN. LEE'S SON IN GRANT DAY ADDRESS

In Celebration of Great General's
Birth Day at Galena
Praises Kindness to South.

Says as President Grant Did Much
to Lighten Burden of Bitter-
ness After War.

[By Associated Press Leased Wire.]
Galena, Ill., April 27.—Hilbert Lee,
general solicitor of the Illinois Cen-
tral railroad, and son of the late
Lieut.-Gen. Stephen Dill Lee, deliv-
ered the principal address here today
at the celebration of the birthday of
Gen. Ulysses S. Grant, who lived here
at the breaking out of the civil war
and as the head of a company vol-
unteered his services to the union.
After reviewing the rise of Gen-
eral Grant to his position as head of
the union armies in the civil war and
describing some of the events of that
war, Mr. Lee said in part:
"During the whole of the recon-
struction period, a time of bitterness
and regret, of sorrow and pain, the
burden of the defeated south was
made more tolerable by the steady
kindness, the understanding, the
sympathy almost say the sympathy of
General Grant. His great prestige as
commander-in-chief of the victorious
army, his personal popularity, which
made him a powerful force with
which to reckon, and in time placed
him in the great office of president
of the United States, were unhesi-
tatingly used for the protection of
the southern people. And so it came
about that I cannot remember, and I
think no southerner of my generation
remembers, to have heard one harsh
word spoken in our own section about
General Grant. Among the soldiers
of the nation, he more than any other
man, commanded both the love of the
north and the honor and respect of
the south."
The speaker declared that the south
shared the feeling with the whole
country "that it is well that we are one
people, that the flag of the republic
still floats from the lakes to the sea
and from ocean to ocean; that the
south shares with the north its satis-
faction at the abolition of slavery."
We have one country and we have a
country, and for both of these
things we thank General Grant."

In closing, Mr. Lee urged the hold-
ing of special exercises every year at
Galena in celebration of Grant's
birthday.

FEW LOTS OFFERED FOR GARDENING WORK

Altho numerous appeals to property
owners for vacant lots for planting
have been made, only five lots have
been donated. Mrs. Lillian Holsbach,
chairman of the Aurora Charity coun-
cil, said today. Many applications
for lots have been received by Mrs.
Holsbach from poor families, but
there have not been enough donated
to go around. Persons desiring some
of the 50 bushels of seed potatoes
donated by Mayor Harley must make
personal application at the office of
Mrs. Holsbach in the city hall.

IOWA DRIES FEAR COUP BY THE LIQUOR INTERESTS

[By Associated Press Leased Wire.]
Des Moines, Iowa, April 27.—The
state department of justice today was
asked to investigate the resolution,
passed by the thirty-sixth and thirty-
seventh general assemblies, provid-
ing for insertion in the state consti-
tution of a prohibitory amendment.
According to B. W. Garrett, clerk
of the supreme court, the resolution
as passed by the two legislatures
provides that the new amendment
shall become Section 27 of Article 1 of
the constitution.
Section 26, it appears in the official
publications, is the only constitu-
tional amendment relating to prohibition
declared invalid by the supreme
court, and is therefore not officially
a part of the constitution. It is held
that the prohibition amendment
should be Section 26, not Section 27.
Prohibition leaders fear that "water"
might make the technicality grounds
for a content in case the amendment
were adopted.

SLAV MOB BREAKS UP PEACE MEETING

Refuse to Heed Pleas of Socialist
Lenine That Russia Make
Separate Peace.

Press Declares Nation Must Stand by
Belgium, Serbia and France
in the War.

[By Associated Press Leased Wire.]
Petrograd, April 26, via London,
April 27.—A small riot was precipi-
tated last night when a crowd drove
the audience of the socialist Lenin
into the street as a protest against
his exhortations for a cessation of the
war and his attacks on the provision-
al government. A score of Lenin's
followers were arrested but the agi-
tator himself remains at liberty.
Lenine, who recently returned from
exile thru Germany, has become the
leader of a faction of socialists who
seemingly desire the cessation of the
war, regardless of the consequences
to Russia. He is living in the palace
of the famous dancer Khesinska, a
former favorite of the emperor, from
the balconies of which he daily and
nightly harangues his followers. It
is generally assumed that he is in
the pay of Germany and at any rate
his return, facilitated as it was by
the German government, leaves lit-
tle doubt in the minds of the great
majority of Russians that he is work-
ing in the interest of a separate
peace at the instigation of Germany.
His activity is permitted by the gov-

ernment, which fears that his arrest
would make him a martyr and that
he is less harmful at liberty.
On the question of peace, the new-
ly established Workingmen's Gazette
says:
"Every day the bourgeois newspa-
pers repeat the same thing, namely,
that peace without annexation means
a separate peace and that those op-
posed to a separate peace must con-
tinue the war to a full victory and
the rule of German militarism and
imperialism. That is an error. We
do not want a separate peace because
Belgium, Serbia and France would
be the victims of such a peace."

The paper then outlines the peace
conditions which it advocates and
which are based on a restoration of
the previous map of Europe and full
freedom for all nations.
Blet on Revolution.
The Russian Volla says:
"Not only socialists but even an-
archists refuse to recognize Lenin.

socialists. It is a pity that such a
mischievous influence has arisen to
blot the greatness of the Russian rev-
olution. Khesinska's palace, which
was formerly the scene of the dan-
cer's scandals, has now become the
scene of political scandals, and with
the roles changed, Lenin is now per-
forming his anarchistic dance."

They added insult to injury by in-
terfering the German soldiers in a
"bone dry" state. That ought to
bring a declaration of war from Ber-
lin.

BOY SCOUT FUND GOAL IN SIGHT

Three-day Campaign for \$10,000 Closes, but Pledges Still Come.

\$8,000 MARK NOW PASSED

The Boy Scout three-day campaign for a \$10,000 budget for the next three years to finance scouting in Aurora, ended last night with the goal assured. The workers at dinner last night reported a total of \$7,704.55 collected. This noon with more than half the workers to hear from the amount had passed the \$5,000 mark. Active work stopped at 10 o'clock last night, but many of the men who were soliciting have yet to turn in final reports, while a number of contributions are known to be in the mails which will bring the sum close to the \$10,000 mark.

(By Associated Press Leased Wire.)
At 1 o'clock this afternoon the fund had passed the \$5,000 mark with many of the workers still to report. A telegram from Congressman I. C. Copple announced a gift of \$100, the check following by mail. The subscription came from the Aurora Bank, captain of the City hall team.

In the opinion of Edward C. Bacon, national scout commissioner who directed the campaign, Aurora did very well. He said today: "In view of the tremendous events now occupying the attention of the public and the multiplicity of demands in the way of campaigns in the city, we did very well indeed. I had hoped to reach the total in two days, but as things turned out, I think we did very well to come as close as we did. I think the amount is going to exceed the mark we set. It will be about \$10,000."

To Aid Movement Here.
The money raised will be expended in Aurora for the betterment of the scout movement in this city. A scout executive will be hired to direct the work of the order in this city. The rest of the money will be used to establish a permanent summer camp for the Aurora scouts and to educate scoutmasters and expand the organization by the addition of new troops. The reports of the various teams yesterday were as follows: T. M. C. A., \$614; Scout council, \$245.65; Professionals and Bankers, \$541; Kiwanis, \$239; Manufacturers, \$319.50; Moose, \$122; Elks, \$122; K. of C., \$108.50; City hall, \$55. The total for the day was \$2,716.65.

BODY OF MISSING MAN IN THE RIVER

The body of Paul Schwans, of Cicero, caretaker of a cottage on the Fox river north of St. Charles, was taken out of the river last Tuesday morning after 6 o'clock. A boy had discovered the body floating on the water near Cedar rock.

The body was found at a point one-half mile south of where the boat, which Schwans, it is believed, was taken out of, was found last Tuesday morning. Schwans was last seen last Monday evening. At that time he was in a boat on the Fox river.

The body was taken to St. Charles by City Marshal Walter Gillison and an inquest was held this afternoon at Norris' undertaking rooms. A verdict was returned of "death by accidental drowning."

Relatives of Schwans arrived at St. Charles this afternoon to claim the remains.

WAR LIKELY TO SHORTEN SUMMER HOLIDAY TRIPS

C. A. Harris, passenger agent of the Goodrich steamship line, was in Aurora yesterday transacting business with the Huntington railroad. Harris said that he enjoyed a big business last season, but it is doubtful as to how much traffic they will handle this season. Harris said that his passengers, however, will probably be on short trips as his company thinks that most people who have previously taken long trips will not go so far this season. They will stay nearer home, he thinks, on account of unsettled conditions in this country.

Society Notes

Party for Miss Peterson.
The Golden Linka girls of the Swedish Lutheran church gave a miscellaneous shower Tuesday evening at the home of Miss Esther Anderson in Superior street in honor of Miss Agnes Peterson who is to be married Saturday. A huge May basket contained the dainty and pretty gifts. The evening was spent hemming towels and holders for the bride-elect. Later light refreshments were served by the hostess. The ring was found by Miss Jessie Erickson, the penny by Miss Emma Gustafson and the thimble by Miss Agnes Peterson.

Mr. Cowan's Class Entertained.
The girls of James M. Cowan's class at the First Presbyterian church were entertained at the home of Mr. and Mrs. J. L. Lincoln in Weston avenue Wednesday evening. A club was organized and a pleasant evening was spent with games and refreshments. Plans were made for a week's outing at Springbrook at the close of school.

Victoria Club.
The Victoria club was entertained last evening at the home of Mrs. Benjamin George in North Union street. Twenty-five members were present. There was a grab bag and a number of games with refreshments later.

Mrs. Lewis Wilder entertained the members of the Loyal Twelve at her home in North Lake street yesterday afternoon. Luncheon was served at 1 o'clock with cards later, honors going to Mrs. C. E. Adams, Mrs. William D. Henderson, Mrs. Granby Case and Mrs. E. J. Walsh. In two weeks Mrs. Owen VanAlstine and Mrs. Granby Case will entertain the club at the home of the former.

APPARENT MURDER STILL MYSTERY

No Clue to Identity of Man Who Met Violent Death Near Mooseheart Wednesday.

The apparent murder of a workman found with his head crushed in Wednesday afternoon by the Northwestern right of way near Mooseheart, remained a mystery today.

The police of Aurora and Aurora and the sheriff's office are still without clues either as to the man's identity or that of his assailant. The general theory accepted is that the man was murdered.

Dozens of hoboes have been rounded up in the past few days and found one of all sorts have been questioned. None of them were able to furnish any information that might lead to the identification of the man.

The man was not an habitual user of liquor. This fact was established at the inquest yesterday as his body did not show the signs that appear when the corpse of a liquor user is embalmed.

The position of the body when found made it appear practically certain that the man was laid out after death, as he was lying on his back with his cap over his face. The police also believe that the bloody club may have been artificially dashed with blood and attack.

The body being held at the Hiltner undertaking rooms in Batavia is that of a working man about 45 years of age and 5 feet 10 inches tall, weighing about 160 pounds. The features are clean cut, with the black mustache and hair, streaked with grey. He is clothed in a black suit and cap and a dark sweater.

Davenport Offers Battery.

(By Associated Press Leased Wire.)
Davenport, Iowa, April 27.—The Davenport patriotic society today telegraphed Adjutant-General Logan of Iowa, offering to raise a third battery of field artillery. After all guardsmen were discharged, it was found that there were 40 more recruits than enough to make up Davenport's first two batteries. The recruits still continue to apply and it is expected that in two days' time a third battery could be organized. Patriotic demonstrations continue here each night. The new unit, Battery D, will be inspected by United States army officers tonight.

MAY DAY STRIKE GERMAN WORRY

Berlin Still Seething With Industrial Unrest Owing to Food Conditions Imposed.

THE NATION IS WAR WEARY

(By Associated Press Leased Wire.)
Copenhagen, April 27, via London, 1:04 p. m.—All the German newspapers today indicate a deep and widespread apprehension that a revival of last week's strike movement is imminent. The whippers of a possible May day strike, which came from a few papers yesterday, swelled today to a chorus of expostulation and appeal to the workmen not to allow themselves to be swept off their feet by strike agitators nor to leave their brothers in the field in the lurch by checking the stream of munitions and supplies.

First and foremost comes the official proclamation from Chancellor Brüning, formally to the federal states but really to labor, and containing both an appeal and a stern warning against further interference with the munitions work. The ways and means committee of the Reichstag, directly seconding the appeal with a communication to the army, thanking the heroes of Arras and the western battle fields and pledging the solid support of the country in a difficult hour.

A manifesto from the four big miners' unions warns their members against recklessness and regrettable action because of unsatisfactory food conditions and the failure of some municipalities and local authorities to provide the necessary supplementary rations.

"Don't betray yourselves in these grave times to be dragged into rioting and strikes," is the key sentence of the manifesto, showing that not merely an orderly demonstration without but actual violence is feared in the great mining and manufacturing districts of Westphalia and Silesia.

Finally there is another official announcement that a great coming out of the industries is necessary and imminent to revive men for the army. This gives the government any needed justification for sending to the front munition workers who yield to the temptation of the announcement.

The announcement declares that large numbers of workmen, formerly exempted from military service so as to keep important industries working, must now be sent to the front. They will be replaced by men obtained under the military auxiliary service law of 1916.

Some of the men taken from the industries will be sent to fill the gaps resulting from the tremendous casualties in the battle on the western front and others to permit the release of older men, particularly the fathers of soldiers while others will serve as substitutes for skilled miners now with the colors but more urgently required in the coal mines.

Ignore Swedish Threat.
The newspapers markedly avoid any attention to the Swedish labor troubles, evidently concluding that the situation in Sweden is an evil example. The most entire absence in the German newspapers of Wednesday afternoon and Thursday morning of dispatches regarding the Swedish disturbances is so great that perhaps to indicate censorship on the subject.

All in all, a stormy ferment is evident among the laboring masses, caused by food conditions, including the reduction of rations and the extreme cost of living, and weariness of war. This view is confirmed by an American business man who has just succeeded in leaving Germany and who the ignorant of the indications given by the German newspapers of yesterday told the Associated Press correspondent that Berlin was still seething with strike feeling and that the impression was widespread that there will be another strike outbreak on May day.

Whether the government's vigorous remonstrances and warnings will be more effective than the campaign of unofficial appeal preceding the strike of April 16 remains to be seen. Persons here familiar with conditions in Germany, however, express themselves as finding it difficult to believe that the German authorities if they make up their minds to enforce action, will be unable to cope with the situation, particularly in view of their right to take over all munition plants as army establishments and convert the workmen into soldiers.

NAPERVILLE COLLEGE HEAD GIVES ADDRESS

PRESIDENT E. E. RALL, EVANGELICAL CONFERENCE SPEAKER, Washington, Ill., April 27 (special to Beacon-News).—The committee on worship of the Illinois Conference Evangelical Church association, in convention here, had charge of the program Thursday evening. Bishop Seager of Naperville, the president of the conference, filled the pulpit and gave an inspiring address to an audience which packed the church.

He took as his subject, "The Challenge of the Unfinished Task." He pointed out the large field that still was to be possessed. The task before the church is a tremendous one, the thought of the sermon was centered around the request of Caleb to Joshua, given in Joshua 14:9, when he says: "Now therefore give me this mountain."

The Thursday session opened at 8:30 a. m. Miscellaneous business and committee reports were taken up of the day. After miscellaneous business Dr. E. E. Rall, Ph. D., president of Northwestern college, Naperville, addressed conference in the interests of this church institution. This is Dr. Rall's first year as chief executive of this institution and his address was well taken. It showed the institution in the best of condition with the largest enrollment in its history.

This evening Dr. Pritchard, president of Eureka college will speak on the subject, "Some Weaknesses of Modern Preaching."

TALK FOOD SAVING

Mayors from all the highways and byways of Illinois flocked to Chicago today to meet Mayor Thompson and discuss the present food supply of the state and for increasing production this year.

The Chicago mayor signalled the opening of the food conference by issuing a long statement dealing with the situation, urging citizens to practice economy and to plant gardens wherever possible.

Mayor Harley of Aurora, as president of the Illinois Municipal league, asked 210 mayors to attend the Mayor or Thompson conference.

"Soldier's Heart" War Disease.
(By Associated Press Leased Wire.)
London, April 27.—A report by the Army Medical Research committee discloses at length the disease known as "soldier's heart" which has been very prevalent in the British army during the past two years. The report asserts that the ailment is not true heart disease at all, but is often treated as such, and shows that about 50 per cent of those affected have later returned to duty as the result of a system of physical training.

The report states that "rest in bed is harmful for these cases, and should be avoided at all stages of treatment except in instances of severe heart pain, severe headache or giddiness." The ordinary symptoms of "soldier's heart" are breathlessness, pain, exhaustion, giddiness and fainting, with palpitation, lassitude and irritability.

PHON CO. GETS WRIT

(By Associated Press Leased Wire.)
Springfield, Ill., April 27.—The Chicago telephone company today in the Sangamon county circuit court was granted a temporary injunction against Secretary of State Emmerson to restrain him from paying into the treasury \$10,000 which the telephone company paid under protest as a fee when an increase in capital stock from \$20,000 to \$40,000 was made.

The company in its bill contended that a fee had also been paid the state public utilities commission when the increase in stock was made, and that this amounted to double taxation.

Hearings will be resumed May 22.

\$100.00 REWARD.

\$100.00 in gold will be paid to whoever suggests the name that the judges select as the one best suited for our new remedy, the wonder tonic Tablet.

This formula has now been completed. It has been passed upon and pronounced good by prominent authorities. It is the last word in a remedy that builds, rejuvenates, invigorates the pale, the tired, the listless.

It is all ready—but the name.

We want the public to name this new wonder remedy and will give \$100.00 for that name.

Send in your suggestions—as many or as few as you like. The selection will be made by a board of five competent men whose decision shall be final and irrevocable and everyone who submits any suggestions thereby agrees to accept and abide by the decision of the Board of Judges.

Contest is open to all excepting the employees of this Company. There are no conditions, no restrictions nor entrance fee.

Send in your suggestions promptly. Every suggestion will be numbered in the order of its receipt. Contest closes May 1, 1917.

Mail all suggestions to the Board of Judges, Care of The Santal Remedies Co., Masonic Temple, Cincinnati, Ohio.

Society

An address of thanks, worded in a manner which would do credit to a far older person, and written in a clear, legible hand, has been received, showing what was said by Florence Parker, a little girl in Center school, who was obliged to stand upon a stool yesterday to thank the daughters of the American Revolution for the handsome flag which they gave to the school and which was displayed yesterday at the meeting of the Parent-Teacher club. The address reads:

"We the undersigned children of Center school wish to thank you very much for the magnificent flag with which you presented us. It has been placed in the lower half of our school, where every one can see it as he comes and goes. Many of the pupils salute the flag when they come to school and when they go home. It was placed in the hall two weeks ago."

"When I first saw the flag, I felt that it was my own flag and I think every other pupil felt the same. We all love the colors. Red stands for the blood which has been shed to save us, white stands for purity and blue stands for truth."

"We have been learning some poems, one of which is 'The Flag Goes By', and the other 'Your Flag and My Flag'."

"We sing 'The Star Spangled Banner' and 'America' every day. I like the national song because I know the story of how Frances Scott Key told of her personal work in the city hospital during the winter of 1912. Many of Chicago's best fortunes are received. Miss Hall was formerly a student at Jennings seminary, back in the days when outdoor wells and cisterns, stoves and other inconveniences were the rule, and later in the day she told the girl students of these early days."

magazines toward the liquor problem is slowly changing, even the car-poonists showing tendency to favor the dry side of the question. A telegram was sent to County W. C. T. U. President Mrs. D. C. Cromer, who is recovering from a surgical operation in the Hagedale sanitarium.

The Eureka Domestic Science circle is composed largely of women living in the country or just at the edge of town, and who therefore were among the subscribers who failed to receive papers of yesterday's issue owing to an accident which befell the Beacon-News press. This meant that the advertisement which they inserted calling attention to their food sale at the Graf candy shop Saturday was not seen. They'll have this sale just the same, including dressed chickens, fresh eggs, Dutch cheese and everything under the sun.

Jennings Seminary Meeting. The Ladies' Aid society of Jennings seminary met at the seminary building for luncheon yesterday and later listened to a fine talk given by Miss Lucy Hall, who related many of her experiences in connection with the work which she conducts in Chicago. Miss Hall is one of the prominent social workers of the city closely in touch with leaders of the Federation of Women's clubs and other women's organizations. Miss Warrington, who accompanied her, told of her personal work in the city hospital during the winter of 1912. Many of Chicago's best fortunes are received. Miss Hall was formerly a student at Jennings seminary, back in the days when outdoor wells and cisterns, stoves and other inconveniences were the rule, and later in the day she told the girl students of these early days."

row and faith at us life with all truth and be a inspiration, strength and blessing to those whose lives are touched by ours.

"What is worth while." The officers of the league, as well as the officers of the Catholic Ladies' Aid and of the St. Catherine's guild, will all hold over until one year from now when general officers will be elected. The league will be conducted much as is the Women's club, with a central treasury, while each department will maintain its own line of work and own treasury. Meetings of the entire league will be held every three months. The different departments will arrange their own times of meeting.

At a meeting held in the near future the completed by-laws will be read before a full membership of the league.

To Give Dinner. Mr. and Mrs. Ruby Berman will give a dinner this evening to eight in honor of Mrs. Berman's brother and his bride, Mr. and Mrs. Jules Rubens. The dinner will be carried out in white and gold. Mr. and Mrs. Rubens are staying for a time at the home of Mr. Rubens' sister, Mrs. L. C. Lewis, but later will take apartments in the new hotel.

Celebrate Victory. The victory of the Aurora college in the state oratorical contest at the recent work, which she conducts in Chicago. Miss Hall is one of the prominent social workers of the city closely in touch with leaders of the Federation of Women's clubs and other women's organizations. Miss Warrington, who accompanied her, told of her personal work in the city hospital during the winter of 1912. Many of Chicago's best fortunes are received. Miss Hall was formerly a student at Jennings seminary, back in the days when outdoor wells and cisterns, stoves and other inconveniences were the rule, and later in the day she told the girl students of these early days."

street. Miss Clara Kaiser won high honors and Miss Marie Dunne received the consolation prize. Later a luncheon was served.

Dinner Party. Mrs. M. C. Chapman of New York street will entertain a few friends at dinner at her home this evening.

At a special meeting of Vesta circle members yesterday with Mrs. Mary Clark of Kane street, arrangements were made for a May party on the tenth in Charlemagne hall. Luncheon was served during the afternoon.

Five Hundred Club. Miss Helen Denney entertained the Five Hundred club at her home in South Fourth street last evening. Honors were won by Mrs. Fletcher Royston. Luncheon was served later. Mrs. C. E. Kobelech will have the next meeting.

Farwell Party. Mrs. George R. Warner of Spruce street entertained at bridge yesterday afternoon in honor of Mrs. W. R. Dickenson and Mrs. W. E. Frangie who are leaving Aurora. Mrs. Harry O'Hagan of Chicago and Mrs. Oliver Burkhardt of Oswego were out of town guests. Honors at bridge were made by Miss Elizabeth Augustine and Mrs. Bruce Amell. A two course luncheon was served after cards.

Willing Workers' Class. Mrs. Merle Anderson of Beach street entertained the Willing Workers' class of the Salem United Evangelical church yesterday afternoon. There was the usual business session after which the women sewed. Light refreshments were served and plans were made to entertain the cradle roll department soon.

First Aid Class. Another class in first aid work will be organized this evening at the Y. W. C. A. Dr. A. E. Diller will have charge.

How Fat Folks May Become Slim

GET RID OF TEN TO SIXTY POUNDS

To be excessively fat is very mortifying. People who are too stout are usually sensitive on this subject. Style and fat are inseparable. Therefore, people who are carrying around a burden of unhealth and ugliness will be glad to know that they may reduce their weight without starvation diet or fireproof exercises.

If you want to become thinner in a simple, safe and reliable way, here is a test worth trying. Send some time daily in the open air, and get from the drug store a box of oil of korein capsules; take one after each meal and one before retiring at night. Also follow the other simple directions that come with the box. Weigh yourself once a week so as to know just how fast you are losing weight, and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take and costs little. A test sample with book will be mailed free. In a plain envelope. If you write to Korein Company, 1686, Arcade, East 25th Street, New York City.

Even a few days' treatment has been proved to show a noticeable reduction in weight, with the body firm, the skin smooth and the general health improved. If you are ten to six pounds overweight, you should give this treatment a trial. You will likely find it is just what you need.—Adv.

THE CARE OF FINE FURNITURE

A Famous Furniture House Issues a Free Booklet on the Subject

The Tobey Furniture Company, 33 N. Wabash Ave., Chicago, and 609 Fifth Ave., New York, has issued a very interesting and valuable booklet on the care of fine varnished and enameled surfaces, which will be mailed free on request.

Tremendous damage is done, says the Tobey Company, by the use of soap and injurious polishes. Correct cleaning and polishing is a simple and easy matter, if done in the right way.

Tobey Polish, the old secret shop formula of the Tobey Company, used by them for cleaning their finest pieces and keeping them in beautiful condition, is now sold by leading hardware, paint, drug, grocery, furniture and auto stores throughout the country. It is a perfect preparation for auto body requirements; keeps a car clean and looking like new. Costs no more than other polishes—25c, 50c and \$1 sizes.

TEAMSTER'S LIFE SAVED

WRITER LETTER THAT IS WORTH READING VERY CAREFULLY.

Peterston Bros.: I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterston's Ointment was recommended to me and by its use the sore was cured. I was able to go to work. I am now well. Thank you, Mr. William Haase, West Park, Ohio, Mar. 23, 1916, care P. O. Box 129.

Peterston says: "I am proud of the above letter and have hundreds of others that tell of wonderful cures. Peterston's Ointment is 25 cents at all druggists, and there isn't a brand named druggist in America that won't praise it.—Advertisement."

ODD FELLOWS 98 YEARS OLD

Services Mark Anniversary to
Be Held at First Baptist Church.

AUXILIARIES ARE INVITED

The ninety-eighth anniversary of the organization of the Independent Order of Odd Fellows will be celebrated by the local branches Sunday, The Rev. R. H. Claxon of the First Baptist church has invited the members to meet at his church at 3:30 o'clock in the afternoon. All Odd Fellows, Rebekahs and their friends are asked to the service.

The order was established April 26, 1819, in the city of Baltimore, Md. All grand and subordinate bodies of the society will observe the ninety-eighth anniversary on a date most convenient to the membership. Grand Master A. Otis Arnold, in issuing the anniversary proclamation says: "In commemorating this day, let us give thanks to the Great Author of the Universe for the blessings which we have received. On this day let us consecrate ourselves anew to the great work which we have undertaken in behalf of humanity."

"Q" ROAD PAYS \$700,000 ADVANCE INCOME TAX

HALE HOLDEN AUTHORIZES MOVE
FROM PATRIOTIC MOTIVES.

Chicago, April 26.—Hale Holden, president of the Burlington and a member of President Wilson's board supervising the railroads of the country in war time, yesterday telegraphed officers of his road in Chicago to send a check to the treasury department in Washington for a sum approximating \$700,000. This is a tax months' advance payment of the company's federal income tax and was authorized by President Holden thru a feeling of patriotism. It is believed that the action of Mr. Holden may have the effect of other big railroad companies sending their income tax money to the government ahead of time.

QUITS "Q" SHOPS AFTER 43 YEARS

George Plummer, Employee Since
Age of Fourteen, Leaving
Aurora for Joliet.

Will Be Given Farewell Reception at
Fourth Street M. E. Church
This Evening.

After 43 years in the employ of the Burlington railroad, all of which time was spent in this city, George Plummer, well known machinist of the Burlington railroad shops, has resigned his position here and will make his future home at Joliet, Ill. Plummer and his wife will leave Aurora May 1, leaving their many friends regretting to see them go.

At the age of 14 years Mr. Plummer started to work for the railroad company in one of its offices and later went into the machine shop where he learned that trade. During all this time Mr. Plummer has taken but few vacations and has earned the rest that he desires to take now.

Mr. and Mrs. Plummer have relatives in Joliet and want to be where they are. They returned from California two weeks ago after spending three months there.

Reception Tonight.
Mr. and Mrs. Plummer are two of the oldest members and workers of the Fourth Street Methodist church. Tonight in the church parlors they will be given a farewell reception by members of the church. Mr. and Mrs. Plummer live at 356 South LaSalle street, having made their home there for a great many years. The hundreds of friends of the couple will regret seeing them leave Aurora.

SAYS GERMAN STRIKERS WERE HYPNOTIZED

[By Associated Press Local Wire.]
Amsterdam, via London, April 27.—General Groener, German director of munition supplies, in an address remarkable for its conciliatory tone, declared before the main committee of the reichstag that the workers who had gone on strike in Germany had been hypnotized and did not know what they were doing. General Groener said that even a strike which only lasted three hours was a bad thing but added that it was intelligible that the workmen should be depressed over the decreased bread ration. He continued:

"They wanted to demonstrate to the government where it had failed. It was a hypnotism of the masses. The workmen who struck Monday hardly knew why they had done so. Tuesday every one had returned to his senses and Wednesday a political change had come about. We hold proofs that inflammatory matter was

smuggled in from abroad.

"I demand that strikes cease in the future but on the other hand the workmen must have mouthpieces thru which they may make known their desires and complaints. That purpose will be answered by the appointment of labor representatives on the food organization and they will have another mouthpiece in the auxiliary service law."

"I will not tolerate an agitation for a strike and I also will not tolerate an agitation against the rights guaranteed to the workmen by the auxiliary service law."

EAST HIGH BOYS HEAR U. S. CALL

At Least a Dozen Plan to Leave Studies to Enlist in Nation's Farm Food Work.

OPEN LABOR HEADQUARTERS

By next Monday at least a dozen East Aurora high school boys expect to be enlisted in the big work of producing farm foodstuffs in the great war campaign.

Already seven of them have signed up with farmers living near Aurora and will leave their school studies for work on the farm. In accordance with President Wilson's proclamation, the high school boys will be given credit for their farm work by the board of education just as the they remained in school.

Have Already Joined. The following have already joined the farming corps: Orrin Barrett, Harry Baker, Elmer Seagrist, Donald Ziegler, Orla Quisen, Roy Kappes and Alfred Day. A large number of others are thinking of enlisting as soon as they can find places.

Superintendent Bardwell wants all farmers who can use these boys on the farm to communicate with him or with Principal Waldo of the high school. This can be done either thru the mail or by calling either of them on the telephone. The idea is that the boys are willing to go onto the farms now or at a later date when there will be a greater demand to gather in the harvest. Even the local farmers do not have work for the boys now, if they will notify the two school heads arrangements can be made for the boys to go onto the farms within a few weeks and work during the summer and into the early fall.

MANY PERSONS KILLED IN ITALIAN EARTHQUAKE

London, April 27.—A violent earthquake in Tuscany and Umbria is reported in a Rome dispatch to the Exchange Telegraph company to have occurred Thursday morning. Many persons are reported killed at Monterchi, near Arezzo, the capital of the province of that name. Considerable material damage is also reported.

The province of Umbria is directly north of the province of Abruzzo Ultra II, which was devastated by the tremendous earthquake of Jan. 13, 1915. In this disaster 24,563 people lost their lives and 50 towns and villages were wiped out.

Societies and Clubs

Friday. The Altar and Rosary society of St. Mary's church will give a card party in the school hall Friday evening, April 27. The women hope every family in the parish will be represented with their friends.

There will be a special concert of Aurora cantors, Nov. 22, Knights Templar, Friday evening, April 27, at 7:30 o'clock, for the purpose of work. All Knights Templar cordially invited. Maxwell E. Gelpi, commander. Charles Deestman, recorder.

The Mitechewa Sewing society will hold an all day meeting Friday in Odd Fellows hall. Lunch will be served at noon. All members are urged to attend. Regular meeting of Tiramah Itekah No. 483 Friday evening at 8 o'clock in I. O. O. F. hall. Initiation. The J. W. club will meet Friday afternoon with Mrs. Alice Chambers, 182 South LaSalle street.

There will be no meeting of the Central W. C. T. U. this week owing to the county institute. Aurora chapter, No. 82, W. M. L. will meet Friday evening at 8 o'clock in Moose hall.

Saturday. Annual meeting of the T. P. A. Post G. will be held at the office of J. P. Boehner, Chapman building, Saturday, April 28, at 8 o'clock for the election of officers and transaction of business. W. W. Welch, state secretary died April 22.—F. J. Wells, Sec.

NEW CITY WELL YIELD LARGEST

Test Shows Tube Gives Average of 1,086 Gallons to the Minute.

SUPPLY NOT NEEDED NOW

The new city well No. 8, recently completed in the rear of the city hall, will supply 1,086 gallons per minute and is the best well the city has. W. E. Barclay, superintendent of the light and water department, made this announcement today after a three-day test of the well.

Dr. George B. Schwachtgen, city health commissioner and chemist, has finished an analysis of samples of water taken from the well. His report to Superintendent Barclay and the board of public works shows the water to be of the same high grade as that obtained from the other city wells. No contamination or salt was found.

Ready to Be Connected. In the event of a big fire the pumps can be started at a moment's notice and the pressure in the mains increased. It is not probable that the well will be needed regularly until hot weather.

During the test of the well at one time water was being thrown out at the rate of 1,324 gallons a minute. Superintendent Barclay and Chief Engineer Bodinson of the American Well Works have figured that the average supply of the well when the pumps are connected with the mains and operating against a 70-pound pressure, will be 1,086 gallons per minute.

After the pump had been operated for 24 hours without a stop inspection showed that the head of the well was still up above the bottom

of the submerged portion of the pump. The fact that there was no vacuum after a 24-hour test indicates that there is an unlimited supply of water in the well.

The well is the largest well of the kind which has ever been completed in Illinois. It is 250 feet deep and has a 30-inch bore at the top and 18 inches at the bottom. A 20-inch casing extends down into the well for a distance of 260 feet.

S. B. Geiger, of Chicago, was the well drilling contractor while all of the pumping machinery was purchased from the American Well Works.

The electrical equipment controlling and driving the pump, was put in by the Delta Electric company of this city.

The average supply at No. 7 well in South River street, is 640 gallons a minute and No. 6, in Talma street, 730 gallons a minute.

This Boy Isn't "Dosed" For Croup or Colds

His Mother Says: "When the Children are Croupy I Just Apply a Good Application of Vick's VapoRub Salve at Bedtime, and go to Sleep, Sure that the Little Ones Will Be All Right."

EDMUND RUSSELL SMITH

Mrs. M. E. Smith, 230 Wood Street, Johnstown, Pa., is one of the many mothers who have found the Southern remedy, Vick's VapoRub Salve, much better than internal medicines. Mrs. Smith writes: "I find your VapoRub the finest remedy for croup and colds that I have ever used, and now we would not be without it, as we have two children and they are both subject to croup. I use VapoRub as a 'witch' in time—put on an application at night—then go to bed and rest assured that the little ones are all right for the night."

In the South Vick's VapoRub is universally used as the "body guard" in the home against all forms of cold troubles, from head or chest colds, sore throat, bronchitis, down to deep chest colds or incipient pneumonia. It is applied externally—it is therefore perfectly harmless—and relieves by inhalation as a vapor and by absorption through the skin.

Three sizes, 25c, 50c, or \$1.00. At all druggists.

CIGRAND ASSAILS CORNER ON FLAGS

Batavian, President of National Association, Declares Makers Seek Excessive Profits.

Suggests That Persons Who Observe Practice Which Aim to Demand Congress Act.

"From every section of the country, comes the complaint, that American flags have been increased in price to such an enormous extent as to practically bar the poor people from indulging in liberal decoration." This statement was made today by Dr. H. J. Cigrand, of Batavia, president of the American Flag Day association.

Dr. Cigrand suggested that the house of representatives investigate this supposed "corner on flags" and determine who the people are who are preventing the flag from being purchased at a reasonable price. In fact, Dr. Cigrand said that, inasmuch as the munition plants, packing houses and automobile factories have offered the government their plants, why not ask that the United States operate and control that division of the cloth manufacturing industries which make the American flags?

"This," he said, "would assure us of the double comfort of having not only flags heretically correct, but flags at reasonable and non-profitable prices."

"But, if this cannot be done, let us urge that the flags be properly formed—that the red be not maroon, and that the blue Copenhagen blue, and that the stars be properly placed on the flags, and not up-side-down."

"Merchants in various parts of the country are making fabulous profits on the sale of flags; that any corporation, firm or individual making a legal interest above all expenses, should be willing to show a patriotic sentiment towards the country's flag, and not exploit the colors, simply to make their profits."

"All persons who are interested in having congress investigate the supply and price of American flags, and all firms or individuals who, beginning with May 1 are willing to mark down the price on flags, to be within the 10 per cent profit limit, please write to Dr. H. J. Cigrand, Batavia, Ill., or some action may be brought about to protect the national and current display of the flag. A corner on flags would be akin to a corner on United States stamps—we need both!"

FORMER MOTHER-IN-LAW SUES HIM FOR HER KEEP

Mrs. Mary Schuchter has started suit in the court of Police Magistrate Barlow for \$67.50 against her former son-in-law, John Feifer, 557 Aurora avenue. She charges that she, has spent that much money, in board since Feifer put her out of the house. Feifer brought Mrs. Schuchter from Austria to this country with her daughter, his first wife, in April, 1914. Under the immigration laws he was compelled to sign a bond agreeing to see to her support. The first wife died and Feifer married again. Then he ceased to support his first mother-in-law. Attorney Albert Kelley, representing Mrs. Schuchter, will also sue Feifer in the federal court. The case in Magistrate Barlow's court is set for next Tuesday.

AT N. AURORA CHURCH

The regular choir practice will be held at the North Aurora church tonight at 7:30 o'clock.

Sunday morning at 10:30 o'clock the pastor, the Rev. James H. Hart, will conduct communion services and deliver his farewell sermon. He leaves about May 1 with the Northwestern university Y. M. C. A. unit for service at the European war front.

Sunday evening the North Aurora chorus at 7 o'clock will render Seipp's famous cantata, "A Joyful Thanksgiving." An elaborate program has been prepared and the public is invited.

Owing to the sudden illness of the pastor, the farewell reception planned for this evening has been postponed indefinitely.

We're Ready to Save You Money On Refrigerators

That Will Save You Money on Your Ice Bills

Leath's have exclusive sale of the well known and widely advertised Gurney Refrigerators—the Refrigerator that is better in construction and thoroughly sanitary. Every Gurney Refrigerator has the "cold air draft" feature. When the ice is put into the ice compartment and the door closed, a downward and upward air circulation immediately starts. The air passes over the ice, cools and drops thru the air passages to the bottom where it absorbs the heat and impurities from the food and rises on the other side—thus eliminating any orders or dampness.

Construction

The Gurney Refrigerators are made of hard wood, tough and fibrous, finished golden oak, lined with heavy galvanized steel sheets, double seamed, making them water tight. These sheets are covered with three coats of white enamel, making the refrigerator sanitary and easy to keep clean. They are fitted with wire shelves which can be adjusted, removable drainage system which is easily cleaned and nickel trimmings.

Satisfaction Guaranteed

We have sizes and styles for every home—each one being an economical user of ice. You have our assurance that every Refrigerator is exactly as represented and will give absolute satisfaction. They are thoroughly sanitary, each box being carefully inspected and tested by experts before leaving the factory—all parts are removable for cleaning. You will make no mistake in selecting a Gurney Refrigerator.

A Saving of 15 to 20% If Bought Saturday

This Saturday Sale offers a splendid opportunity for everyone to select a Refrigerator at a saving of 10 to 20 per cent. Our carload purchases make this price reduction possible.

BEACON-NEWS WANT ADS BRING RESULTS

The Enemy of Uric Acid is Anuric

(By L. H. SMITH, M. D.)

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys. The kidneys are the scavengers and they work day and night in separating the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as backache, depression, drowsiness, irritability, headache, dizziness, rheumatic twinges, dropsy, gout.

The very best way to restore the kidneys to their normal state is to drink plenty of pure water and obtain a small amount of Anuric, which is dispensed by most every druggist. Anuric (double strength) is inexpensive and should be taken before meals. It is much more potent than the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy, and many other serious disturbances. It means that you are a victim to uric acid poisoning. Then ask your druggist for Anuric, which was first discovered by Dr. Pierce of the Surgical Institute in Buffalo, and which is dispensed by nearly every druggist in the land.—Advertisement.

Men Welcome Mother's Friend

The husband is often worried over the condition of his wife during her period of expectancy. The thought that he is helpless to relieve her physical suffering and discomfort causes him great distress.

"Mother's Friend" is a safe external lubricant which penetrates to the fine network of nerves beneath the skin of the abdomen. It has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. If husbands will secure for the expectant mother a bottle of "Mother's Friend" from their druggist, they will find that they have aided to a very great degree in relieving much of the discomfort during pregnancy and pain at the crisis.

The mother should apply "Mother's Friend" every night and morning, right up until the time of giving birth to the child. By aiding nature in its pre-natal work the mother will experience much less pain.

Every mother should have the true blue package of "Mother's Friend." It concerns her health and well-being during and after the crisis. Write to Bradford Regulator Co., Dept. D, 258 Atlanta, Ga. Get a bottle of "Mother's Friend" today.

M. G. Harnish Declares Tanlac Proved Right What He Was Looking For.

WARMLY PRAISES MEDICINE

Freeport, Ill., April 27.—If there is a man in Freeport who is widely known, well liked and highly respected it is M. G. Harnish, cigar salesman who resides at 185 Galena street. Mr. Harnish has been a resident of Freeport for the past thirty years and his pleasant personality and fine character has won him innumerable friends. Here is what he had to say of Tanlac on April 11.

"Owing to my business connections I was unable to eat regularly and this finally resulted in my stomach becoming in very bad condition. It had been this way for some time. My food didn't seem to go down and didn't digest properly. Gas formations, belching and bloating would invariably annoy me following each meal. Muscular rheumatism bothered me and I felt all in most of the time.

"Realizing that I needed a good tonic I decided to try Tanlac because it was so highly recommended. Well, people are telling me that Tanlac does me a world of good and I certainly know it. I can eat anything without distress afterward. The gas formation in my muscles has been relieved. In fact, I feel better in every respect. Tanlac has done me so much good that I wanted others to know about it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, loss of appetite, nervousness and the like.

Tanlac is being explained and introduced in Aurora at The Public Drug Store, New York and Broadway, and in Geneva at Johnson's Drug Store.

HARBOR OF LISBON STRONGLY GUARDED

Double Line of Destroyers Covers Entrance of Port—Organizers Lying Just Outside.

German Submarines Keep Constant Vigil, Mysteriously Provisioned and Supplied.

(By Associated Press Licensed Wire.)

Lisbon, Portugal, April 27.—The harbor of Lisbon has taken on a distinctly naval aspect since Portugal entered the ranks of the entente allies. Off Commercial square, which corresponds with the Battery in New York, long lines of destroyers have been drawn up clear across the broad entrance of the Tagus. The long black hulls of the destroyers are so close together that at half-tide they swing at anchor broadside toward the sea, almost touching, and presenting a double line of batteries pointing off toward the coast.

But Lisbon feels secure against an enemy attack by sea, for besides the double line of destroyers, ready for defense or quick sortie, there are cruiser and gunboats with steam up, and back of them the big land fortifications on both banks of the Tagus, rising on high terraces and presenting a semi-circle of massive stone fronts topped with lines of heavy guns. And besides these land and sea defenses, there is the feeling that the British fleet is not far off, and presents a pretty solid barrier against the German fleet bottled up in the Kiel canal.

When the British naval commission visited here a short time ago still another naval defense was devised and has since been put into execution. This is a heavy steel net extending clear across the channel leading from Lisbon to the sea. This can be lowered at stated intervals for the passage of commercial traffic. But when in position it is not only a bar to submarines, but any which venture near it are likely to be caught and held in its meshes.

U-Boats Keep Vigil

There are two German submarines which appear to be keeping a pretty constant vigil of the nearby coast. How they are provisioned and equipped is a mystery. They have not done much damage to large merchant ships, but give their special attention to the smaller craft and the fishing fleets. It has practically put an end to the coasting trade, and a good share of the trade of Oporto has been stopped. The shipping to England and France is also greatly curtailed. This is adding to England's food danger, for much of her fruits and vegetables and most of her wine was drawn from Portugal.

Portugal is feeling the pinch also. In being cut off from a supply of coal from the Cardiff coal mines, and in having its supplies of fish cut off. Coal has gone up to \$27 and \$30 a ton, and is so scarce it cannot be obtained at any price. The normal price is about \$7 a ton. Besides the derangement of domestic heating and cooking, and the misery caused to the poor, the lack of coal is proving a serious menace to factories, railroads, tramways, and the heating and lighting of public places, hotels and theaters.

The government has sought to remedy the situation by reducing the lights in the streets, extinguishing all lighting at an early hour, and advancing the legal time by one hour so that people will get up earlier and live more in the daylight.

With a long coast Portugal has always had such an abundance of fish as to feel proof against any lack of meat and other foods. But with the submarines stopping fishing, the normal supply of fish has suddenly been stopped, and the price has doubled and trebled, until the poor are unable to get the usual supply of fish on which they depended. Four fishing boats were sunk within the last week, one fisherman being killed and three injured.

The war is making itself felt in many other ways. Most of the young men have been called into military service, as the small peace of fishing clear across the channel increased to a war footing of several hundred thousand men, including about 50,000 men in the western fighting front, as well as more to Portuguese East Africa, and a large reserve for home defense and recruiting the forces at the front. The streets of the cities and towns are now crowded with soldiers, and at the railway stations one sees long lines of freight cars loaded with light field guns and military equipment.

In the agricultural sections, also, the war is showing itself in the absence of men and the increased number of women doing the farm work. As a rule a thousand miles thru the farm country, with the spring ploughing and planting at its height, not a man was seen in the fields, but scores of women were in the furrows following the plough and doing the other heavy work. This is not unusual in Portugal, but war has made it universal.

NUMBER SEVEN GUARD ENGLAND'S HEALTH

(By Associated Press Licensed Wire.)

London, April 27.—Major Waldorf Astor, member of the house of commons for Plymouth, writes the press to a report which has just been issued by a committee of unionist members of parliament, appealing for a reform in the present methods of health administration in England.

The responsibility for public health, he says, is at present divided among a bewildering variety of government departments and local bodies. "What is in fact everybody's business is some particular aspect, and nobody's business as a general problem. Consequently, progress is fragmentary and haphazard, and there is no steady momentum or development such as a definite ministry of health would supply. Scandalous delays have occurred in dealing with problems of admitted urgency."

He criticizes also the provisions in England for securing industrial health among factory workers. The "experimental science of industrial fatigue" he says, is far less appreciated in English factories than in those of America and Germany.

There are several loose-tongued women in every town that should follow the example of the czar, who

ABSENT VOTERS' BILL

Springfield, Ill., April 26.—An absent voters' bill to give any qualified field vote to vote by mail if forced to be away from his county on election or primary day was passed by the senate today. Senator Dailey of Peoria, author of the bill, gave notice that a special bill to apply to members of military organizations and to permit voting by companies was being drawn by the legislative reference bureau and would be introduced probably next week.

GERMAN WAR HEAD ADMITS TROOPS ARE DISCOURAGED

Copenhagen, April 27, via London.—General von Stein, German minister of war, admitted during a discussion of military affairs by the reichstag committee yesterday that field post letters from soldiers at the front showed a certain amount of discouragement. This, however, was only a passing sentiment, he explained, and in general the spirit of the troops was good.

Severe Cough Yields to Duffy's

The value of Duffy's as a remedy for coughs and colds has been proved many times. Mr. Fosdick contracted a severe cold which did not respond to treatment until he used Duffy's with good results.

"Being suburban manager of the firm of Fosdick & Scott, Real Estate and Insurance, my work often takes me out in severe weather to show farm and suburban property. While at Huntington, L. I., early in December, I contracted a severe cold. A friend recommended Duffy's Pure Malt Whiskey, and after using a few bottles, taking a tablespoonful in water four times a day, my cough disappeared and I attribute my good health to taking your wonderful preparation."—(Signed) M. LaRoy Fosdick, 378 Fulton St., Jamaica, N. Y.

Duffy's Pure Malt Whiskey

possesses unique health promoting qualities. The supreme test of its virtue lies in the fact that it invigorates the stomach, which makes it a tonic that arouses to renewed activity the exhausted forces of the human organism, improves the appetite, aids digestion, helps build up the blood, and gives fresh vigor to the system.

"Get Duffy's and Keep Well"

Sold in SEALED BOTTLES ONLY. Beware of imitations.

NOTE—Get Duffy's from your local druggist, grocer or dealer, \$1.00 per bottle. If mail supply you, write us. Send for metal household book, let free.

DANISH WOMAN REGAINS HEALTH

Tells Everybody what Lydia E. Pinkham's Vegetable Compound did for Her.

Chicago, Ill.—"It gives me great pleasure to let others know that I improved in health with the first bottle of Lydia E. Pinkham's Vegetable Compound after taking two bottles I am entirely well. Before taking it I could not do any kind of work without a pain in my back and I suffered so much from inflammation. I had headaches, was always tired and no appetite. Words cannot express my gratitude for the good your medicine has done me, and through me to my family. I recommend Lydia E. Pinkham's Vegetable Compound to all women suffering from female troubles, particularly to Danish women."—Mrs. Meta Damgaard-Matsen, 2137 Kimball Ave., Chicago, Ill.

It is positively true that Lydia E. Pinkham's Vegetable Compound has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration. Adv.

MISS RANKIN TOLD TO VOTE FOR DRAFT

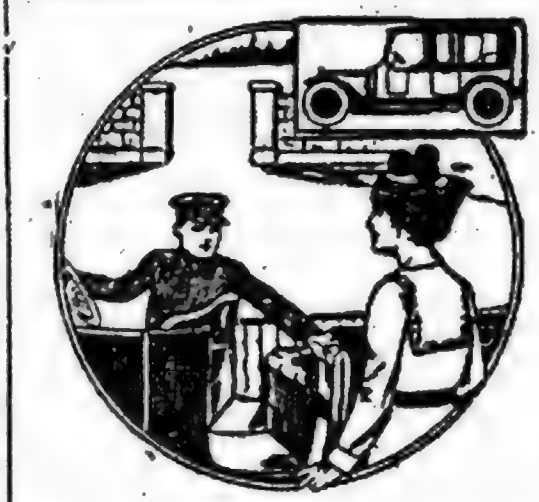

Montana Congresswoman, Uncertain, Gets Quick Instructions from Her Constituents.

Had Wired Home That She Had Heard of No One in House Who Favored Conscription.

(By Associated Press Leased Wire.) Missoula, Mont., April 27.—"Hamilton overwhelmingly favors conscription as only fair method for democracy. Ask you and other representatives of Montana to stand firmly by the president in his plans. If need be, stand." So the Hamilton chamber of commerce today answered a telegram received from Representative Jeannette Rankin, which said:

"I have heard of no one in the house who is supporting the president's conscription bill. Do you wish me to stand alone for this?" "Stand alone, if you have to," the Rotary and Pan-Hellenic clubs of Butte wired Miss Rankin.

The Absorption Sale of Walk-Overs

(By JOE REISING)

IN all my experience as a shoe merchant, I have never known conditions of the market to be quite as complicated as they are this very day. You are perhaps quite as well informed on the subject as I am, but the big sale of Walk-Over shoes, the opportunity which has been accidentally brought forward at a critical period and given relief to needy buyers in these momentous times, warrants particular mention.

Right now—this very day and while the sale lasts—you can buy that famous brand of shoes known as Walk-Overs—a shoe you have come to know from childhood as only a strictly high quality product, for less money than I would have to pay to replace the same goods.

I know, this may sound ridiculous under the circumstances, but hardly so when you consider that I bought out the Walk-Over store with a stock half as large as my original one, and now it's up to me to unload. I bought these shoes, all of them, at a price that in turn enables me to quote these savings to you and my customers of old.

It is an established and recognized fact that any merchant can carry too much stock, and I don't propose to find my shelves and cellar loaded when they

should be fairly clean—at the end of the season.

Stop and think! Consider just for one moment what this sale affords you. For every member of the family, the best shoes. And just when you need them, no end of the latest styles in oxford and slipper.

You may figure that \$1.45 is all you can afford to pay for a pair of shoes; if so, come, you'll find what you want. Or at \$1.95, \$2.45, \$2.95, \$3.95 or more, we'll show you the truly greatest bargains in years.

In short, the cost of footwear—good, dependable shoes, need not work an apparent hardship, by nature of increased prices, to any family; and it will not, positively not, to those who attend this sale.

All I can do is to advise you to buy early and liberally. I feel that I've done my part.

BATAVIA CADETS TO GET UNIFORMS

Military Association of City Raises Money to Equip Company by Memorial Day.

Seventy-four Young Soldiers to Be Measured for Suits Next Monday Afternoon.

Batavia, April 27.—The Batavia Military Association met last evening at the high school and a report from the finance committee was that the greater portion of the fund being raised for purchasing uniforms for the high school cadets has already been subscribed for. The 74 boys of the school company will have their equipment ready to make their initial appearance in the parade Decoration day. The Boy Scouts, however, will not have their suits on that day and will soon be completely equipped but it will be impossible to have their uniforms for Decoration day.

It was arranged last night that the committee on uniforms, Robert Lewis, John Gless and G. H. Burnett, attend to having a tailor take measurements and select materials at once.

The campaign for the raising of the money needed to defray the expenses of the boys' suits will close at 8 o'clock Monday evening, April 30. The organization, officers and committees will meet that night in Room 10, at the high school to make final reports. Men representing the various wards and to whom the money can be given are: George Keller, Mayor J. V. Burton, Herman Shaw and Robert Lewis. When funds have been raised the names of donors will be published together with a financial summary. The secretary was instructed to draft a letter to be addressed to all lodges so that all can contribute to the patriotic work. The Batavia Military Association submits to the public the names of the cadets tomorrow.

The Western Uniform company has been awarded the contract and their Monday afternoon to take measurements. They will make deliveries May 28. It is promised. The officers chosen last evening were: President, Dr. B. H. Clelland; vice president, J. V. Burton; secretary, J. D. Laek; assistant secretary, L. L. Hoover; treasurer, D. B. Andrus, and the following executive committee: R. C. Hollister, Dr. F. H. Danila, Dr. J. C. West, H. T. Windsor; legislative committee: H. W. Shaw, George Burnett and the Rev. T. M. Hixson.

A meeting of Rowena lodge, K. of P. this evening a debate will be enjoyed. This will be followed by a smoker and the usual military drill by the "rookies." One candidate for membership is to be elected this evening. All members should make an effort to attend.

The Woman's club will have a luncheon at the home of Mrs. David Sperry Tuesday, May 1. All members planning to attend are asked to notify Mrs. George Keller, chairman of the luncheon day committee.

Mrs. Hooper of Chicago, who has been visiting Mrs. J. B. Buck was surprised last evening by a number of friends. Mrs. Hooper came from Chicago and the guests included friends from St. Charles and Geneva as well as Batavia people. The evening passed in a social manner. Mrs. Hooper is president of the missionary congress of Chicago and has a host of friends in this city.

The Camp Fire girls will hold a food sale in the VanNortwick building.

GENEVA PYTHIANS HOSTS TO DISTRICT

Convention Yesterday Attracts 200 Members of Order—Parade in the Evening.

Aurora Given Presidency of Organization and Next Annual Convention.

Geneva, Ill., April 27.—The district convention of the Knights of Pythians held yesterday at Geneva, was a great success. More than 200 K. of P. members attended.

The following officers were elected: President—Atty. Fred Shearer, Aurora. Vice president—George Bartlett, Malta. Secretary—William Reaney, Batavia.

Aurora was awarded the next convention.

A feature of the convention was the street parade, headed by the Batavia Bugle and Drum corps. After the parade the marchers went to the city auditorium where the Lawndale, Chicago lodge, conferred degrees on several candidates.

Grand Chancellor John Reeva of Jacksonville, the superintendent of the K. of P. home at Decatur, and other state officers attended the convention. During the afternoon the visitors were shown thru the Geneva Girls' Home, Riverbank Villa, the St. Charles Boys' Home, Mooreshead and other show places of the county.

United as Aples.
Did German spies visit Geneva last February?

Mr. and Mrs. Ralph Hamilton, who with their small child in a covered car, passed thru Geneva February 19, walking towards San Francisco, have been arrested at Omaha, charged with conspiracy to aid the German government.

The report states that Mr. and Mrs. Hamilton had in their possession many maps and photographs of the principal bridges and other important items along the route, besides letters and valuable military information.

These were carefully concealed under a false bottom in the car which carried the child. The little child, attired in a bearskin costume, attracted much attention as the trio passed thru Geneva.

DOMESTIC SCIENCE FOR ST. CHARLES

Public Schools to Adopt Study This Coming School Year, Board Member Announces.

Delay Caused Only by Lack of Finance—Plan \$20,000 East Grade School Addition.

St. Charles, Ill., April 27.—Domestic science will be taught in the St. Charles schools next year, E. T. Cassidy, a school board member announced today.

The school board members have been for some time considering inaugurating domestic science course in the schools and the matter of finance alone has caused the delay, it was said.

Frank Gray of St. Charles has been appointed architect for the contemplated eight-room addition to be built on the east grade school this coming year.

It will be necessary to hold a special election to give the voters a chance to decide for or against a necessary bond issue of about \$20,000 to cover the cost, it was announced today.

Held to Grand Jury.
Arthur King, colored, charged with assault with deadly weapon, hitting Shirley Moses, colored, on the head with a brick—was given a preliminary hearing yesterday before Justice C. L. Blanchard and was ordered held to await the action of the next grand jury. His bonds were fixed at \$500 and as he could not furnish surety he was taken to the county jail.

Plans for Recruitment.
The following communication has been received from St. Charles merchant:

"Our Heavenly Father, give us today our daily bread, and don't let us hide behind women's skirts and give us spirit and bravery to be real American men. Go to the recruiting office and enlist, so we may protect our homes and be cowards."

Louis Rockwell, trustee of the C. E. Robertson drug store, died after Mr. Robertson was declared a bankrupt, won his suit in the county court yesterday, to compel the Peter VanShank company of Chicago to return goods taken from the store a few days ago before the bankruptcy action.

Atty. Hugh Blair represented Trustee Rockwell. A jury in the county court after being out one-half hour, returned a verdict in favor of Trustee Rockwell for \$249.97 and the VanShank company must return the goods valued at \$124.97, on a money judgment.

The VanShank company attorney asked for a new trial. The contention of Trustee Rockwell in this matter was that the VanShank company, by getting the goods from the store a few days before the bankruptcy action, became a preferred creditor. Mr. Robertson died after he was adjudged a bankrupt.

Social and Personal.
Carl Knepper, a patient in the St. Joseph hospital, Aurora, where he underwent a recent operation, was reported improved today.

The P. L. O. C. club was entertained at Elgin last evening by Mrs. Theo Fincher.

City Marshal Views Remains.
The city marshal, J. H. Wilson, was at Batavia today viewing the body of the unidentified man found dead Wednesday night between Batavia and Mooreshead, and who is believed to have been murdered.

School Chemistry.
The high school chemistry class under Professor Frazier a few days ago gave a very interesting and instructive program on the subject of chemistry in modern industry. The topics presented showed in a very striking way the fundamental part chemistry plays in the industrial world.

The topics presented were: "History of Potassium," Alice Peterson. "Explosive and Potassium Compounds," Kent Swaby. "Medicinal Potassium Compounds," Frank Devlin. "Manufacture of Matches," Frances Fincher. "Potassium and Glass Manufacture," Bertha Johnson. "Potassium Compounds as Disinfectants," Dorcas Pike. "Uses of Cyanide of Potassium," Gladys Hildreth. "The Potash Problem," Russell Terrell. "Kelp, the Plant," Marie Thornton. "Harvesting Kelp," George Duerr. "Present Development of Kelp Industry," Reinhold Olson. "Banning Salts, a Source of Potash," John Reane. "Potash from Brine," Erna Nielsen. "Alumina, a Profitable Source," Theresa Nollen. "Feldspar and Potassium Production," Bertha Kriketel.

Dr. L. W. Howard, eye, ear, nose and throat. Cougher block.

More Trouble for Larson.—George Larson, former real estate man who was arrested two weeks ago on a charge of passing bad checks, it is claimed now is to be arrested for non-payment of a bond bill of \$27.25 at the Riverside hotel unless he shows up tomorrow to answer the charge of confidence game. He was released under \$1,000 bonds a week ago and has failed to appear for his hearing or to settle with the saloonkeeper. He cashed one check for \$40 on Archie Blakeley, three for a total of \$15 on Charles Hassett and one for \$10 on Jacob Poms. In all it will cost Larson \$144.95 to settle.

Notice to Water Consumers.—The Board of Public Works desires to notify water users that all water consumers now delinquent in the payment of water bills will be denied the use of city water service after Tuesday, May 1, 1917, providing the bills remain unpaid.—BOARD OF PUBLIC WORKS.

Circuit Court Monday.—The circuit court at Geneva will be in session again next Monday.

Dance Tomorrow.—Night—Zouave hall—latest songs and dances by professional dancers and singers from Chicago.

Complaints Growing in Blocked.—Complaints have been made to the police that the River street crossing of the Burlington railroad is being frequently blocked by long freight trains. Atty. Michael Smith of the Second ward yesterday caused the arrest of one crew for blocking the crossing. No action has been taken against the crew or the railroad company.

Shanty Broken Into.—Division Superintendent Curtis of the Aurora, Elgin & Chicago railroad today complained to the police that the switch shanty at the corner of Spring street and Broadway has been broken into several nights, each time after 11:30 o'clock. The shanty remains at the shanty until that hour. The police believe that tramps have been sleeping in the building.

In Wrong Flat Arrested.—Fred Knepper, 37 years old, a laborer who says his home is in New York, got arrested last night and at 9 o'clock walked into the apartment of W. V. Steichen on the second floor of the building at 61 North Broadway. He made insulting remarks to Mrs. Steichen. It is claimed, and she called her husband, who was down stairs. Knepper was arrested. In police court this morning he said he was looking for a room and got into the wrong flat. He was fined \$5 and costs.

Vegetable Day Tomorrow.—Home grown vegetables of all kinds will be offered for sale by farmers at the city market in North River street tomorrow morning. The price of potatoes also promises to be lower. Marketmaster Albert Fauth said today.

Says Immigrants Should Enlist.—Ben Duecker, Belgian-American of St. Charles, has enlisted in the United States army. He said, "The first person who should enlist in the United States army are the immigrants, as they have received the greatest benefit from this country."

To Beautify Cemetery.—The new Riverside cemetery at Montgomery is to be elaborately improved and beautified this spring on the park plan. James A. Young is in charge of the work and the Aurora Nurseries company has the contract to get out about 15,000 shrubs and evergreens.

On Advertising on Flags.—Some Kane county banks which have been distributing small American flags to be worn on lapels have been instructed, it is said, that they must not distribute any more flags containing advertising matter. Violators of the ruling may be demanded guilty of a misdemeanor, punishable by fine or imprisonment, or both.

Due to New Work Monday.—Charles O'Neil, who has purchased a half-interest in the Orpheum motion picture theater, will not take charge of his new duties as manager of the theater until Monday. He will continue as leader of the orchestra at the Star theater until Monday.

WOMAN SUPERINTENDENT
SCHOOL ELECTION ISSUE

Miss Faith McCauley, superintendent of St. Charles schools is the issue in a school election which is to be held May 5. Candidates on one ticket have announced that if they are elected they will discharge Miss McCauley and hire a man in her place. The campaigning has been intense and promises excitement in plenty before it culminates in the balloting.

The candidates who have announced that they will "hire a man superintendent if they are elected" are E. J. Baker for president, and Charles Hunt and John Redmond for members of the board.

Wants Election Judges Uniform.—Senator John Dailley of Peoria has introduced a bill in the Illinois senate which prescribes the duties of election judges. The purpose is to have all election judges of Illinois work in a uniform system.

DESCENDANT OF F. S. KEY
ENLISTS IN THE MARINES

HIS ANCESTOR WROTE "STAR SPANGLED BANNER."

Baltimore, Md., April 27.—Following in the footsteps of his illustrious ancestor, Francis Deuber, a direct descendant of Francis Scott Key, the author of "The Star Spangled Banner," is now serving his country in the arm of our national defense which will be "First to Fight"—the marine corps.

Private Deuber's mother is a great grand-daughter of the author of our national anthem, on the maternal side. Deuber's resemblance to his renowned ancestor is said to be so noticeable that many of those who have seen the original Francis Scott Key picture have commented upon the remarkable likeness.

HOLD JOBS FOR MEN WHO ENLIST

Promise Made by Pictorial Company Chief at Flag Raising.

"Every employee of the Pictorial Printing company who enlists for war service against Germany will be given his position with the Pictorial company, after his return from war." The announcement was made yesterday by John Hunt, an official of the company in a speech at a big flag raising. Mayor Harley also spoke.

The Aurora West High school cadets drilled, and the G. A. R. fifes and drum corps and the Mooseheart band played.

Mayor Harley said: "Fellow Americans, who have a reputation of being loyal to your employers, once more employees and employers of an Aurora company join in a flag raising exercise. I compliment you on your spirit of patriotism. It shows that you are not pro-European, nor pro-Atlantic, but that you are for the United States first, last and all the time. We are one people, one nation and we are standing solidly behind the president."

Mayor Harley also called the attention of the assemblage to the absolute need of conservation of food.

James L. Coffey introduced Mr. Hunt.

Mr. Hunt said: "The events of the last two years have been of such magnitude that we have hardly understood. This flag raising is so we may renew our allegiance to our flag. We are raising this flag to show Aurora and America where we stand. It is the flag that gave Cuba back to Cuba; that took no indemnity from China. We want no territory, and we are not in this war for conquest or glory but for humanity's sake. We want to trade that we cannot get by fair competition. Some of our boys are already in line. We

have Capt. John Newman of the militia company and Archie McDonauld of the high school cadets."

Charles Phillips, son owner of the company, spoke briefly.

WAR CRAZED; SUICIDES

(By Associated Press Leased Wire.)

Chicago, April 27.—J. D. Kinnear, purchasing agent of the Mineral Point Zinc company, leaped to his death from the twelfth floor of the Marquette building today. His mind was believed to have been unbalanced by brooding over the war. In his pockets were found newspaper articles telling of the entrance of the United States into the war and a poem, "I Have a Rendezvous With Death," written by a soldier in the French trenches.

No one saw Kinnear climb over the protective railing in the rotunda but the height of the barrier was declared to preclude the possibility of an accidental fall. Kinnear remained in the firm's office nearly all night and was seen several times by night workers in the building. Relatives live in Iowa.

PEGGY HYLAND WITH MARC McDERMOTT IN "BABETTE"

The story of a GIRL who saved a man's SOUL, without ever knowing the miracle she had wrought. Direct from the Rialto Theatre, New York and the Ziegfeld Theatre, Chicago.

Harriet Underhill in The New York Tribune wrote: Pretty Peggy Hyland is at the Rialto in a fascinating little picture play called "Babette," which embodies all the thrills which audiences love to feel. Miss Hyland does not try to be cute—she is cute.—Marc McDermott is quite irresistible.

The New York Sun critic said: Peggy Hyland will add much to her growing popularity with the title role "Babette." She has regular features and large lustrous eyes like those of Marguerite Clark and is destined to become an American favorite.
